- Play time for cats including toys and laser chase
Please be advised that for the safety of our feline boarders, cats will remain in their kennel unless receiving medical attention.
- **Photos of your pet will be posted to our Facebook and Instagram: _____**
Please initial if you accept

VACCINATIONS AND HOSPITAL BOARDING POLICIES

All pets boarding with us must be current on vaccinations. If your pet is not current on vaccinations, by signing this form you consent to pay all costs incurred to update your pet's vaccinations. This policy is for the safety of your pet, as well as the safety of our staff and other guests in the kennel.

Because boarding can be a stressful experience, we occasionally find that a pet becomes ill during their stay. If your pet requires medical attention, by signing this form you give the veterinarians and staff of Southern Crossing Animal Hospital authorization to treat your pet should a medical situation arise. Also, you agree to pay for any charges incurred in treating your pet.

All boarding pets must be free of fleas and other intestinal and external parasites. If any parasites are noted during your pet's boarding, you agree to pay for the cost of treating your pet for parasites.

AGGRESSIVE ANIMAL FEE

In the event a boarding animal becomes aggressive and poses a threat of our staff's safety, we reserve the right to assess an additional aggressive animal fee. Southern Crossing Animal Hospital will make every attempt to contact you or your emergency contact to give you the option of either paying the additional fee or the opportunity to pick up your pet.

I understand that all fees are due at the time services are rendered. In the event of default or failure to pay, I the undersigned, agree to pay all attorney's fees and collection cost of said debt.
